HOW TO USE THIS GUIDE

START WITH THE RIGHT QUESTIONS

02

A title transfer generally concerns a change of ownership. This overview helps you recognize whether a standard transfer may fit or whether a missing title, lien, estate, seller, or ownership issue requires another solution.

WHAT THIS GUIDE DOES

- Explains the difference between a transfer question and a duplicate-title question.
- Identifies facts that can affect a transfer review.
- Shows how to request personalized preparation and support.

WHAT THIS GUIDE DOES NOT DO

- It does not guarantee eligibility, approval, processing time, or final cost.
- It does not replace legal advice or instructions from the responsible agency.
- It does not create a CRM case or issue a RefCode when you request it.

INDEPENDENT CONSULTATION - NOT LEGAL ADVICE

TITLE TRANSFER BASICS

UNDERSTANDING THE POSSIBLE SERVICE PATH

03

WHAT IS A TITLE TRANSFER REVIEW?

- A review of an ownership change involving a vehicle or vessel.
- It considers the available title record, parties, asset details, and jurisdiction.
- The proper path depends on whether usable ownership documents exist.

SITUATIONS THAT MAY FIT

- A seller and buyer completed or intend to complete an ownership change.
- A usable title or other ownership record may be available.
- Names, signatures, lien status, and asset information can be verified.
- The customer wants document preparation, guidance, and support.

PERSONALIZED REVIEW CONFIRMS THE APPROPRIATE PATH

INFORMATION FOR A REVIEW

GATHER FACTS - NOT FILING INSTRUCTIONS

04

CONTACT AND ASSET

- Full name and reliable contact details.
- Vehicle VIN or vessel HIN.
- Year, make, model, and asset type.
- Current location and state of residence.

OWNERSHIP AND RECORD

- State last titled or registered.
- Names appearing on available records.
- Seller or prior-owner information.
- Known lien, estate, or authority issues.

COMMON REASONS REVIEW MAY CHANGE

- No usable title or ownership evidence is available.
- Seller is missing, unwilling, or cannot be located.
- An active or unresolved lien appears on the record.
- Owner is deceased or authority to act is unclear.
- Names, VIN/HIN, signatures, or state records conflict.

COULD TRANSFER BE THE RIGHT PATH?

05

A PRELIMINARY PATH - NOT A DETERMINATION

THIS PATH MAY BE APPROPRIATE WHEN

- Ownership changed and the parties can be identified.
- A usable title or record may support the transaction.
- There is no unresolved obstacle that requires a different remedy.

A DIFFERENT PATH OR ADDED REVIEW MAY BE NEEDED WHEN

- The current titled owner only needs a replacement title - consider Duplicate.
- Ownership proof is incomplete - Bonded or Court review may be appropriate.
- A dispute, missing seller, estate, or lien issue prevents a routine transfer.
